70mm Flush Casement Window

MAKERS OF FINE FLUSH CASEMENT WINDOWS

The REGAL Flush Sash windows bring all the beauty of heritage designs without any of the drawbacks. Whether your home is a traditional country house or modern city flat, the Regal Flush Sash brings elegance and quality into every home.

Designed to match the appearance of timber, the REGAL Flush Sash has all of the style with none of the setbacks. Using equal sightlines, the window frames appear the same width, to give your property an understated symmetrical perfection. With the option for fully suited traditional timber hardware you won't find a window that looks so simple yet flawless.

Performance & Style

Our Flush window system offers you the very best in performance and style, with a vast range of colours and options to suit your needs. Whether you want traditional timber style joints and cottage bars or contemporary equal sightlines and modern handles, our Flush Sash window system is able to suit your home.

A Perfect Fit For Every Home

Why compromise? With the REGAL Flush Sash window system you don't need to. Our Flush window is designed to provide you with high performance and the very best in finishes and styles.

70mm REGAL Flush Window

Styling your windows isn't limited to outside; you can make changes to the inside of your window too, giving you complete choice over every aspect of your home environment. The REGAL Flush Sash is designed to work in a traditional property, rather than feel like an out of place modern addition. With modern technology packed inside a traditional frame, this is the best of both worlds for any home that wants to maintain its aesthetic without making compromise in security and energy efficiency.

Traditional Look, Modern Technology

Whether modern or traditional, the flush sash can be customised to suit your property, with woodgrain and colour foil options both inside and outside, along with matching hardware. Whether it's a pear drop handle or georgian bars we have the perfect window for you.

Styling Your Windows. The Choice Is Yours

MAKERS OF FINE FLUSH CASEMENT WINDOWS

Classic Beauty Modern Security & Energy Efficiency

Peace of Mind

The REGAL Flush sash is designed to suit any age of property whether period, traditional or modern without compromise on security and energy efficiency.

Save Money on Your Energy Bills

Save money on your household energy bills and keep your home comfortable and warm during the cold days. Including both A and A+ energy rating options, the REGAL Flush Sash will make sure that the heat is kept inside, insulating far beyond what is possible with traditional timber.

Our unique Q-Lon weatherseal is included as standard, so your windows will be protected for many years to come. In addition the REGAL Flush Sash will protect you from the outside noise pollution and disturbance – just one more benefit over traditional timber windows.

Colours and options to create the perfect home

Colour and Foil Options

We have a complete range of solid and woodgrain foils to choose from. All designed to offer you a comprehensive range of traditional and contemporary finishes to suite your home and lifestyle.

Styling your windows is not limited to the outside either; the REGAL™ Flush Casement window system also allows the inside to be specifically designed to your requirements.

Don't compromise your vision – choose a style that matches your ideal home.

Our history

Since 1979 Everbrite has been manufacturing premium quality windows, doors and conservatories. Established by our now Chairman, Trevor Lugmayer, the company goal has always been to exceed expectations and deliver unrivalled quality of service, products and craftsmanship and to always offer exceptional value for money. This is still the same today and many of our

staff are the same people with which the company began. No sub-contracted or agency staff are ever used as this allows us to maintain a constant level of quality and customer service without compromise. It's not just our REGAL™ Flush Sash windows that have the perfect mix of traditional and modern, this can also be seen in our 20,000 sq ft factory and head office based in Harlow, Essex. Please do not hesitate to give us a call (01279 427777) or just drop in if you would like a guided tour around our factory, we would be only too pleased to oblige.
